

eGroup Recognized as an Inc. 5000 Fastest Growing Private Company
Fourth Consecutive Year
eGroup Ranks No. 3929 on the 2015 Inc. 5000 list

MT. PLEASANT, S.C. – August 31, 2015 – eGroup, the Southeast’s leading provider of cloud, software and end-user computing services, today announced it has been named to the Inc. 5000 list of America’s fastest-growing private companies for the fourth consecutive year. Based on percentage revenue growth from 2011-2014 (75 percent), eGroup ranked 3,929 overall.

“Being featured on the Inc. 5000 list at all is considered a significant and special event for just about any company,” says Mike Carter, eGroup’s Principal. “Being featured for the fourth year in a row is simply exhilarating. For us at eGroup, and in consideration of the fact that we continue to grow with the fastest companies in America while remaining a debt-free business, it reinforces the idea that our clients are the only investors we need worry about, and that their success is the only route to our success. With our motivated team embracing our ‘customer first’ ideal, and singularly focused on ensuring that every encounter becomes an experience, we’re proud to see that our craftsmanship and commitment to client satisfaction are recognized!”

The 2015 Inc. 5000, unveiled online at Inc.com and featured in the September issue of *Inc.* is the most competitive crop in the list’s history. The Inc. 5000’s aggregate revenue is \$205 billion, generating 647,000 jobs over the past three years. “The story of this year’s Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top,” says Inc. President and Editor-In-Chief Eric Schurenberg. “You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don’t achieve that kind of success by accident.”

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

About eGroup
